## April Administrative Professional Appreciation Event

### The Vision of an Administrative Professional

Chief Bill Myers with the Gwinnett County Fire & Emergency Services will be our guest speaker as we celebrate administrative assistants.

Chief Myers began his career with the Gwinnett County Department of Fire and Emergency Services in 1983. He rose up through the ranks from firefighter to Fire Chief, proving to be a highly motivated leader with proven experience in all areas of the Fire Department. Chief Myers' diverse background and executive skills have led to the development of some of the Fire Department's innovative fire and medical techniques, employee leadership and career development, and the improvement of a work-safe environment for 800 employees. Bill's devotion to the Fire Department and its employees is reflected in his prudent, achievement-oriented management style of open communication and shared leadership responsibilities.

A Vision is defined as 1) *the act or power of seeing*; 2) *something seen*. Join us as Chief Myers helps us to catch the vision of being **A BEACON OF PROFESSIONALISM**.
